Please ensure that the Sender to Receiver Information is sent immediately to IRWO by post or preferably by email to agmfin@irwo.net to enable us to link the remittance. The information may be sent both if the RTGS request is handed over personally in the Remitting bank and also if the transaction is effected through Internet Banking. In the absence of above information it may not be possible to link the payments received through RTGS as banks some time don't provide the complete details in the Bank Statement.
